Saintly Holiness IS Possible! We live in a day and age where people strive to be sinners more than they strive to be saints; a time when one may be tempted to wonder if

saintly holiness still exists...

Well, we're here to tell you it IS possible and that starting later this month, we will be posting 3 blog posts per month celebrating three saints whose feast days we celebrate! Each blog will feature info about the respective Saint, while providing more practical tips to help and encourage each of us to live holy, saintly lives! Together, let us journey with our beloved saints to grow closer together in holiness... because it IS possible!

The "Throwback Corner" is where we will be including previously written pieces, videos, podcasts, etc. on culturally relevant topics for discussion. Given the continuing uncertain times with COVID-19, we want to encourage you to read our reports and be inspired that this time is an opportunity to remember that we are vulnerable and that we need the strength of God to walk in this life.

Saintly Inspiration

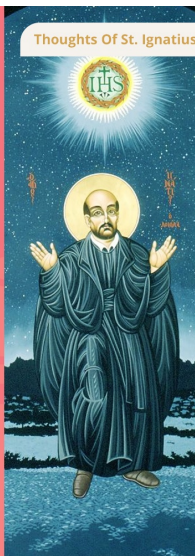

Saintly holiness IS possible! Together, let us seek holiness with the saints as our inspiration.

When, in the management of civil affairs, things are poorly done or ruined, what we must do is to entrust them very earnestly to our Lord, and to think about what we will have to give account of on Judgment Day, and to attend to our offices with vigilance, in order to give a good account when it will be asked of us."

In case you missed it, we posted a [St. Ignatius of Loyola quote](#) once a day for the month of July leading up his feast day. These meme quotes are quotes that our order uses in daily devotions. We hope that these quotes inspire you to seek saintly holiness because it IS possible!
